Fundraising update!

In September, we launched our first fundraising campaign specifically for the Chilanga Health Centre and we have had a wonderful response! We have not yet reached our goal of \$25,000, but we are closing in...

With the funds received so far, the roof has been repaired and painted, and the Health Centre is now ready for the rainy season.

The plumbing work has been finished and the sinks installed.

In addition, rain jackets have been ordered for the 30 village health workers. These volunteers travel by bicycle to neighbouring villages to refer patients, and do health and prevention education. The jackets, which will have Chilanga Health Centre boldly displayed on the back, will keep these hardworking volunteers dry, and help raise awareness of the health centre.

Visit our website at www.makupo.org to learn more about our work.

We sincerely appreciate any donation, big or small. This health centre has already saved many lives and—with support from donors like you—will realize its potential to improve the health of thousands of rural Malawians. **Thank you!**

Thanks to all our friends who have already contributed. If you haven't already done so, or know someone who might be interested in making a donation, here is how you can do it: (please include your full name and address if you would like a tax receipt)
